BAILWAY MATTERS. THROUGH TRAIN FROM CINCINNATI TO CHICAgo.-In order to secure the utmost convenience and expedition to the traveling public, the Cincinnati and Indianapolis, the Lafayette and Indianapolis, the New Albany and Salem, and the Michigan Central Railroads have established a through train from Cincinnati to Chicago, leaving the former city at 6:30 A. M., and here at 11:20 A. M., arriving at Chicago at 8:30 P. M., without a change of cars Through trains, without change of cars, leave Chicago at 7:30 a. M., arriving at Cincinnati at 9:30 r. m. The same change will probably be adopted upon the afternoon and night trains running over the same route. This arrangement will certainly be a great accommation to the trav-

We learn that it is the determination of the roads centering here, to do all in their power in time, convenience and comfort to the public to secure the travel through this city. This was the motive in establishing the through train from Cincinnati to Chicago. The Cincinnati and Dayton Road has opened a new route from that City to Chicago, via Forest, Ohio, and the Pittsburgh and Chicago Roads, fifty two miles farther than by Indianapolis, besides changes in cars. The officers of the various roads centering here deserve credit for the energy they display in the management of their roads, and the determination to direct travel this way. The first train, under this new arrangement, passed through this city yesterday.

The falling in of "Broad Tree Tunnel," on the Baltimore & Ohio Railroad, north of Grafton, may prevent the passage of trains for a few days -possibly not more than a week. Passenger trains will run as usual-passengers being transferred round the tunnel-but freights may be obstructed for a short time.

The Cincinnati Gazette of yesterday says : ANOTHER RAILROAD ACCIDENT .- A number of the excursionists returned yesterday morning about 3 o'clock, from Baltimore. They were detained by an accident near Newark, O. The to an being behind time, Mr. Dennison telegraphed to Columbus to have the Cincinnati train wait, and received answer that they could not. While going at this furious rate, they ran over a cow, about three miles east of Newark. At the place where the accident occured, the road ran close along the edge of the canal, and there was a high fence on the opposite side. The cowcatcher threw the animal against this fence, and as there was not room between it and the train for the carcass, the effect was to throw the bag-gage car off the track, and partly into the canal. The detention was about three hours.

There is some talk about a railroad to Orleans by the Valley of the Anderson river. Would it not be a better route up Deer Creek; crossing by Leopold to the waters of Oil; thence up Oil to the waters of the "Little Blue;" thence up Patoka to Lost River; thence to Orleans? This route would be more direct, and would couble up to being be more direct, and would enable us to bring down iron from Leopold, to the side of our coal mines; the distance from the Ohio river to the iron hills would not exceed ten miles, and the disee to Orleans fifty-six miles.—Cannelton Re-2,954 94 | Certain discontented employees of the N. Taken up for drowned, the struggle between life and death was long and doubtful, but at last decided in favor of the former. The kind-hearted at Montreal learned her listory, and admired her modest worth. By them, for she had lost everything but herself, her immediate necessities were supplied, and in a few days, with their blessing and prayers, she continued her journey hither. A few of the five young men, who, besides the now happy husband, had precious freight on that steamer, attended the wedding yesterday. He said she must do as other passengers did, and that she could not be permitted to ride in the baggage car. The conductor called upon her and politely informed her that she must take a seat in one of the cars designed she had traveled all over the world and had always rode where she had a mind to, and pro-

The conductor further expostulated with her, and assured her that he was but executing the orders of the Superintendent and the rules of the company. A Singular Case of Insanily--A Beau-tiful Girl gone Mad for Love.

A beautiful German girl named Hannah Root-ker, was taken to the Commercial Hospital, yesterday morning, a raving maniac; her reason completely overthrown by disappointment in love. It seems that she had been engaged to one of her countrymen for some months, and had fully expected to become his wife, when her father in-formed her last Saturday that she should not mar-

Upon the announcement she fell, as if struck by lightning to the floor, and it was with much difficulty she was restored to consciousness. She then began raving frightfully; and with cries and screams and groans and tears and lamentations, startled the entire neighborhood of Bremen street where she resided. Nothing could be done to calm or appease her—she grew worse, and worse until it was determined to remove her to the

When there, she continued to rave, and would have died from exhaustion before this, had not chloroform been administered to keep her quiet. It was found necessary, too, to bind her to the floor, else she would have taken her own life, leaped out of the window, or done anything desperate. The physicians who saw her say they never before beheld so violent a maniac.

It is pitiable to observe this young and beautiful woman just in the spring of life, suffering—and how intensely she must suffer—all the horrors of madness, because of a generous and absorbing passion, which might and should have made her happiness on earth.

She will be sent to-day to the Lick Run Lunatic Asylum—Cincinnett Greater.

TREMENDOUS BIGAMY—THE FAT WOMAN IN SCRAPE.—The fat woman, on exhibition last week near the post office, we understand, was named Delancy, and her husband lives in New York She has been traveling about the country lately in company with an Irish agent, named as done a very fair business. Durtheir travels the agent became enamored of fair proportions of Mrs. Delancy, (she weighs ing their travels the agent 550 lbs.,) and last week attacked the mountain o flesh with a marriage proposition. The "frail fair one" could not withstand the eloquent love of O'Niel and accepted his offer. They were married in this city on Sunday night; and on Monday night they departed for Memphis, Tenn. Monsieur Tonson Come Again. Mr. Gordon Tanner (we presume it is he) has been kind enough to send us a copy of a hand-bill headed in big capitals thus: "J. J. Bingham,

Editor of the State Sentinel, Mr. Bright's Special Editor of the State Sentinel, Mr. Bright's Special Organ." The purport of this document is to show that Mr. Bingham, in 1848, acted with the Wilmot Proviso party and supported Mr. Van Buren for the Presidency. If we mistake not, Mr. B. has himself alluded to this terrible charge against him, and in a manner which, we doubt not, is perfectly satisfactory to his readers and to party. In 1848 the Whig party threw overboard Heary Clay, the old and tried champion of their principles, and for expediency's sake nominated General Taylor—a man who had never voted a Whig ticket in his life—who declared that he would accept a nomination from whatever party would offer it to him—and whose views on the great questions which agitated the country were utterly unknown. Mr. Bingham declined to sup-port such a Whig as General Taylor. Like ninety-nine hundredths of the Northern Whigs, we presume he was a Wilmot Proviso man, and as such voted for Mr. Van Buren. Upon the close of the canvass of '48—when the party had just been defeated—Mr. Bingham joined the Deocracy, and has ever since acted with 't-voting

for its nominees, writing in defense of its principles, and given his money in aid of the cause, It is not our purpose, however, to enter into any defense of Mr. Bingham against the assaults of "G. ARTIFICIAL STONE, ARTIFICIAL STONE,
and the machinery for manufacturing the same, which can
be seen at the American House, a few steps from the Ussion
Depot, at Indianapolis, Ind., where the subscriber is new
stopping, and is prepared to sell County Rights for Indiana,
and machinery for manufacturing the blocks, which are
composed of sand and lime, (10 of the former to 1 of the
latter.) and put into blocks 10 inches in length, 5 in width
and 4 in thickness, under a pressure of one hundred tons,
which can be laid into walls from 4 to 10 days after they are
pressed. Builders will do well to examine this thing at
once, as there is at least 150 per cent. nett to be made on
the manufacturing; and the block will then be as cheap for
buildings as common clay brick. Buildings built of these
blocks look as well as if the blocks were cut from fine stone.
Application in person, or by mail, for County Rights and

Proceedings of the City Council.

SATURDAY EVENING, July 25, '57. Council met at 7½ o'clock. Present, His Honor, the Mayor, the City Clerk, the City Mar-shall, the City Engineer, the Street Commissioner and several Councilmen.

Mr. Porter presented a petition with reference

to improvements on Alabama street, between Massachusetts Avenue and the Fort Wayne State road. Laid on the table.

Mr. Durham said he would like to say a word about the dog ordinance. He supposed that com-mon decency ought to have prevented any man from reporting his speech at the last meeting.

He did not want any more such reporting.

Mr. Vandegrift thought if the gentleman did not want any more such speeches reported, he had better not make them. The gentleman had made his speech in public He had published it first. The reporters but repeated what the public were

how he understood the Reporters

Mr. Porter could not compliment the Reporter with entire faithfulness. Sometimes they made gentlemen vastly more eloquent than they really were. He did not assert that such was the case in the matter under discussion, but it was only the other night that one of them represented him (Porter) as charging upon his honorable friend, Mr. Harvey, with the American Eagle, and that that gentleman came back at him with the Star Spangled Banner; all of which was metaphorical dedly, and altogether too brilliant and beau-

complishments of the Reporters, and so the matter A petition was presented with reference to the grading and graveling of Michigan street from Mississippi to California. Mr. Dunlap thought that the Council ought to

be prudent in adopting measures respecting street

Mr. Locke advocated the petition. Mr. Guisendorf thought that if any citizens

wanted street improvements they ought to have them. They paid for them. Mr. Durham agreed with the gentleman. A great many streets about the city ought to be im-

Mr. Porter thought it was absolutely essential that the Council should shut down, at once, on street improvements. We had exceeded already the whole amount expended last year. We must stop. After to night it would be the duty of Councilmen to vote against any such measures. We will close to-night with \$6,500 against the city, for street improvements. If we go on in this way we will close leaving the city more in debt at the end of the year than ever before.

Mr. Greenfield said he had observed that

some gentlemen were very smart in battling through bills in favor of their own wards. He wanted his ward to have its share of improvemand then he was willing to block the wheels. He knew that we had some smart men in Council. His end of town must be improved. We were only just getting initiated.

Mr. Porter said that the gentleman's remarks

did not apply to him. The gentleman's ward had got far more already than any other ward. Gentlemen on the other side of the way always ex-claimed "persecution." In some wards there might be more money; others might have more territory. Gentlemen pursued their plans with dogdness, and he did not use the word in any offensive sense. Mr. Gulsendorf locked horns with Mr. Porter

and there was a lively set too, while it lasted. Mr. Durham did not see the use of stopping street improvements. What is \$10,000 or \$20,000, expended in this direction? He favored the largest expenditure for street improvements Mr. Porter hoped the Reporters would report that speech.

Mr. Dunlap wished to say one word. He hop that all petitions for street improvement would be laid on the table until we should hear from the Clerk and know where we stand. Petition tabled. Mr. Locke, from committee on Finance, report-ed in favor of deducting 7 per cent from the Inapolis Journal's account for printing. The

bill was exhorbitant. Concurred in. City Engineer's report submitted. Sundry contracts he had received for street improvements ore presented. Referred. Mr. Greenfield offered a resolution directing

Mr. Porter opposed the resolution. The Marshal ought not to be empowered to make con-

Mr. Forter's objections. Resolution adopted.

Mr. Guisendorf said that bridges could be built across Pogue's Run without grumbling; but a imass was raised when any Canal improvement was talked of. Resolution lost.

Mr. Porter effered a resolution directing the Clerk to exhibit at the next meeting the amount incurred for bridge improvements. Rejected.

Mr. McNabb presented an ordinance for the grading and graveling of Mississippi street, between Kentucky Avenue and South street. Passed under a suspension of the rules.

Mr. Locks presented an ordinance to prevent annoyance or injuries from dogs. The ordinance prohibited the dogs from howling and verying, and also susping and tring. Pact Stranger than Piction. Any one who witnesses the operation of Com-stock & Brother's Family Medicines, will realize the above truth. The common expression of all who use them is they act like a charm. In removing all pain, and prevent ing and curing disease they have no equals. Their assort nt comprises no " cure-all," but a different remedy fo each disease (amounting to over thirty articles,) on the very sensible principle that no one medicine can cure all the ills

FOUND AT LAST, THE GREAT REMEDY FOR CONSUMPTION. Dr. Carter's Cough Balsam, For the cure of Coughs. C le's. Asthma, Consumption,
Bronchitis, Spitting of Blood, Pain in the Side and
Breast, Pleurisy, Whooping Cough, Croup,
Liver Complaint, Palpitation of
the Heart, and all Discases of the Throat,
Chest & Lungs.

THE time has come when Consumption may be clas CURABLE DISEASES. We are living in an age of Improvement and Medical Science is making rapid advancement. Important discov-rices are being made in the medical agents employed, as well as the art of preparing and combining them. The most im:

portant discovery made in the nineteenth century, is that celebrated remedy for the Lungs, called Dr. Carter's Cough Balsam.

This medicine combines remarkable Tonic, Expectorant nothing and healing properties. The TONIC properties strengthen the Lungs, while the EXPECTORANT properties produce free and easy eaglectoration, and its soothing and healing properties speedily allay the Cough and all infamation, and effects a PERFECT CURE by soothing and strongthening the irritant organs.

Too much care and attention cannot be given to DISEASES OF THE LUNGS. Our varying climate and the cold, bleak winds of the orth and West produce Colds and Coughs which demand North and West produce Colds and Coughs which demand of the wise and prudent, the earliest attention. Have you got a Cold or Cough? Do not neglect it for a single day. Procure at once that celebrated remedy, Dr. Carter's Cough Balsans, which has cured thousands upon thousands of Colds, Coughs, Asthma, and the national purpose of Colds, Coughs, Asthma, and the national been given up by friends and physicians to die.

No person afflicted with a Cough, Cold, or any lisease of the Th,oat, Chest, or Lings, will be just to themselves if they go down to the grave without testing the virtue of Dr. Carter's Cough Balsam.

By the Express train the time from Indianapolis to Baltimore 30% hours, and to Washington is 31% hours, lesing the shortest time made, which is not from the result of excessive speed, but from the fact that it is 100 miles shorter than any other completed Route,

Sin:—I have used your Pulls in my general and Scapital practice ever since you made them, and cannot heditate to s.y they are the best cathartic we employ. Their regulating action on the Waser is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of billionis discusse so obstinate that it did not yield to them.

Fraternally yours,

Dr. Ayra :— Your Pills are the perfection of medicine.
They have done my wife more good than I can tell you,
She had been sick and pining away for months. Went of
to be doctored at great expense, but got no better. She thee
commenced taking your Pills, which soen cured her, by expelling large quantites of worms (dead) from her body.
They afterwards cured her and our two children of bloody
dysentery. One of our neighbors had it bad, and my wife
cured him with two doses of your Pills, while others around
us paid from five to twenty dollars doctors' bills, and lost
much time, without being cured entirely even then. Such a
medicine as yours, which is actually good and honest, will
be prized here.

From Rev. J. F. Himes. Pastor of Adness Charses.
Dr. Aver: I have used your Pills with extraordinary success in my family, and among those I am called to vien in distress. To regulate the organs of digestion and purify the blood they are the very west remedy I have ever known, and I can confidently recommend them to my friends.

Varsaw, Wyoming Co. M. Y. Oct. 24, 1885.
Dear Sur: I am using your Cathartic Pills in my practice and find them an excellent purgative to Jeans the system and purify the fountains of blood.

Br. Ayan: Your Pills are the paragon of all thatisgriss
in medicine. They have cured my little daughter of vicer
ous sores, upon her hands and feet that had proved incurble for years. Her mother was long grievously afficke,
with blotches and pimples on her skin and in her hair. Afta
our child was cured, she also tried your pills and they have
cured her.

Honored Sri.: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating near-raigic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease gray worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By percevering in the use of them I am now entirely well.

Senate Chameer, Batun Rouge, La., Dec. 5, 73, Dr. Aver.: I have been entirely curad by your Pills of Rheumatic Gout—a pointful disease that had afficted me for years.
